Virtual Audition information:

Record yourself doing the following (this can be one long video or multiple short videos that you combine to make one file). You can not submit more than one video file to the online portal.

The video should include:

1. You stating clearly your NAME, SCHOOL, CURRENT GRADE, and that you understand that on www.leonchorus.com there is an online registration form AND a written contract for participation that must be signed by you and all parents and turned in at the dance and callback audition on Feb 19th.

2. TWO SONGS of CONTRASTING STYLES: each should have 30 seconds of ACCOMPANIED singing (the accompaniment can be digital or live, but should not include any background vocals). Try to sing songs that shows your vocal range, not a songs that hang on one note for a long time. It is imperative that you ALSO show your acting through these songs.

3. A 16-count dance routine (please reference the video and music on the info page on www.leonchorus.com – it should be uploaded no later than January 1st. This is the dance you'll be doing.)
